

THUG
Shells

The background of the entire page is a photograph of a woman with long, wavy, purple hair, wearing a purple top and a pink skirt. She is holding a microphone and appears to be performing on stage. The lighting is dim, with some stage lights visible. The logo for 'Thug Shells' is overlaid on the top center of the image. The word 'THUG' is in a bold, blocky, 3D-style font with a purple-to-pink gradient. The word 'Shells' is written in a cursive, script font, also with a purple-to-pink gradient. Behind the text, there are several light blue, fan-like shapes radiating outwards.

THUG Shells

Shell yeah! This lil' thug is fresh off the Village Stage at the infamous Shambhala Music Festival, where Thug Shells has been making a name for herself in the global music scene. Shells proudly puts on for her community; Although small in stature, her presence is enormous especially in her hometown of Edmonton where she hosts bi-weekly freestyle night for the local up and comers. After just returning from her escapades overseas, recording her FIRST RAP ALBUM with her favorite producer, the KING OF BREAKBEATS, Shade K. Pocket sized self-described bubbly gangster Thug Shells, a humble harlequin who brings her voice to the stage. Conscious rap straight out of Alberta, Canada, pre-packaged with sass and (b)ass. With an emphasis on positivity, this little proselytizing pixie captivates crowds in the only way she knows how: gangster adorability. If Hello Kitty and the ghost of Tupac had a sizzurp-fueled three-way with Cardi B, Thug Shells would be their incarnation.

Her roots trace back to our leader Bass Panda, he provides dank beats there's demand for ya, but he told us dolphins are to flock to the bass , so we migrated out da ocean without a trace. Rapper/MC from the YEG, Michelle, AKA Thug Shells, is the bubbliest gangster western Canada has to offer. Canadian freestyler who rapped for the first time thanks to the encouragement of the Freestyle Focus Group at Bass Coast 2017 - her aim is to lighten the mood and bring joy to all within earshot. With conscious lyrics juxtaposed over the most gangster basslines - the effervescent energy from a Thuggy set is contagious. Thug Shells will be sure to throw a smile on your face and a wiggle to your bum!

Transcending a multitude of genres, Thug Shells is happiest throwing down over breakbeats and drum and bass. However, she has been known to rock over ANY music - maneuvering through the soundwaves as only a freestylin' ferret could. Usually teaming up with her go-to babe-a-liscious DJ K-Stylez - these two ladies are like nothing you've ever MC-seen before.

Since picking up her first microphone last summer, Thug Shells has sailed across Western Canada creating a name for herself as a conscious hip hop artist and weaving her way seamlessly into the Canadian festival scene. This summer she graced the stages of Reign Bough Fiddle, Astral Harvest, Motion Notion, Electric Love, Fozzyfest, Shambhala, and more with several international bookings as well.

Look out for this Bubbly Gangster, comin' to speakers near you! Also make sure to check out her new song [Calling For You](#) with Neologisticism that just broke #3 on Beatport.com!
